DANCING VERSALS

Based on Roman Letters & Proportions

If you've ever wanted to put some motion or life into text and have tried all manner of Italic, these lively Versals can be a wonderful solution.

We'll work with gouache on good paper to get the feel of the texture on the page. We will be working with chisel edge pens with emphasis placed on traditional Roman Capital Proportions and we will practice exercises in monoline and thick/thin variation. We will explore the texture created by these majuscules and contrast their weights and sizes as we enjoy the freedom of making them dance on the lines.

Students should bring a prepared text of approximately 75 words in length and should have a basic working knowledge of the Roman Capital letters.

Participants will need:

Ink, gouache and pen holders; Speedball B-5, C-0 through C-4 (or same size comparable nibs), gouache; mixing containers and brushes; layout pad; (Diane uses Borden & Riley #37); T-square; water container; slant board; pencil; eraser; scissors and several sheets (14" x 17") of your favorite "good" paper to include one dark paper.

For everyone's comfort, please arrive in class **FRAGRANCE FREE**.

Workshop Fee: \$190 | Workshop fee includes all handouts.

Please note: Fee is based on a minimum of 10 participants and may be reduced with greater participation.

Deposit \$50 (non-refundable). Payment in full required by September 10, 2018.
