

# THE INSIDE CURVE

## A Two-Day Workshop with Julie Wildman

Saturday & Sunday, April 22–23, 2023, 9:00 AM – 4:30 PM

Location: Four Hills,  
Albuquerque, NM  
\* in-person workshop!

This playful hand was created several years ago by Julie in a workshop: “I was working on a specific piece and the instructor noticed that I was keeping an inside curve on the letters, while doing the outside angular.

“Later, in another workshop, I pulled out that piece and designed the ‘Niente Senza Gioia’ piece you see in my samples.

“The distinctive features of the letterforms are the inside curve, while the outer part of the letter is angular. How that is achieved is where the fun comes in! These letters are primarily meant to be drawn, not lettered with a specific tool. However, once students understand the underlying structure, these built-up letters can lend themselves to a variety of applications.

“Together we will learn the basic forms, then branch out into variations. We will work with pencil, colored pencil, various inks, watercolors and metallics on an assortment of papers. We will also try a few compositions, working with layout and design principles to achieve some interesting results.”

### ABOUT YOUR INSTRUCTOR:

**Julie Wildman** is a professional in the fields of graphic design, commercial lettering, calligraphy and workshops. Her studio is in northwest Indiana, only 30 minutes from downtown Chicago. Her calligraphic interest began in the late '80s after a friend gave her Timothy Botts' book "Doorposts," and she saw the written word illustrated in such a way as never before. About ten years later, she had the privilege of taking a year-long class with an internationally known calligrapher. She joined the Chicago Calligraphy Collective soon after and embarked on a lifelong journey of studying letters. Visit Jule's [website](#) for more info and images.
